

## FMD Automotive Shock Absorber Assembly Line And Testing Line PLC Controlled

Our Product Introduction

### Basic Information

- Place of Origin: Shanghai
- Brand Name: Quanstar
- Certification: ISO
- Packaging Details: wooden box
- Payment Terms: L/C,T/T

### Product Specification

- Name: Shock Absorber Assembly Line
- Industry: Automotive Suspension
- Project: FMD
- Application Products: Damper Shock Absorber
- Operation: Fully Automatic
- Control System: PLC
- Highlight: Shock Absorber PLC Assembly Line,  
FMD Shock Absorber Assembly Line,  
PLC Automotive Assembly Line

## Product Description

# FMD Automotive Shock Absorber Assembly Line And Testing Line PLC Controlled

## Product Specifications

Attribute	Value
Name	Shock absorber assembly line
Industry	Automotive suspension
Project	FMD
Application products	Damper shock absorber
Operation	Fully automatic
Control system	PLC

## Automotive Shock Absorber Assembly and Testing Line

The assembly line is divided into modules that can be easily reconfigured to change the sequence of assembly stages.

### Key Features

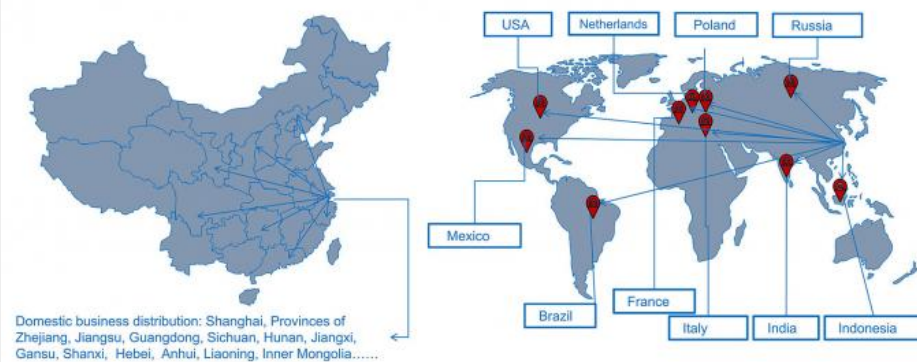

- Complete shock absorber assembly line for FMD project
- Comprehensive load testing development
- Final shock absorber qualification testing
- Traceability sticker application
- Component assembly with precision measurement
- Oil filling system control equipment
- Gas charging system control equipment
- Servo motor component handling
- In-house performance load test application
- Production control and quality assurance
- Standard traceability compliance
- Final product packaging

## Automotive Industry & Related Auto Parts

## Business Global Service

We are committed to providing customers with high-quality, competitive products and services. A project cooperation process usually includes the following key steps.

## Frequently Asked Questions

### Q: Are you trading company or manufacturer?

A: We are a manufacturer with over 10 years of production and development experience.

### Q: What are your major products?

A: We are an assembly automation solution provider specialized in customized automatic machinery for production. For example, we provide customized assembly line, testing and packaging solutions to several electric vehicle (EV) manufacturers, such as component-level lines for battery packs, thermal management systems, steerings and so on.

### Q: How long is your delivery time?

A: Usually 3 months is a production cycle, the specific delivery date should be arranged according to the product's complexity and real-time production schedule. Please contact us for the latest delivery date.

**Q: How about your price?**

A: Show us your parts and we will be glad to find solutions and provide a suitable scheme, and offer the most competitive price to you.

**Q: What is your terms of payment?**

A: 40% deposit and 60% balance payment before delivery.

**Q: What is the package for your machine?**

A: We have standard wooden case package.

**Q: How long is the warranty?**

A: Our aftersale service is one year free warranty, and life-time maintenance guaranteed.

**Q: What partners do you work with?**

A: We can both work with customer's designated partners and propose other components partners at customer's request.
