

Custom Automation Robotic Palletizer Machine Precision Assembly Solution

Our Product Introduction

for more products please visit us on automation-assembly.com

Basic Information

- Packaging Details: wooden box
- Payment Terms: L/C,T/T

Product Specification

- Name: Palletizing Assembly Line For Lipstick
- Power Supply: AC380V 50/60Hz
- Industry: Cosmetics
- Control System: PLC Programmer
- Solution: Custom Automation
- Operation: Semi Automatic
- Highlight: **Automation Robotic Palletizer Machine,
Custom Robotic Palletizer Machine,
Precision Assembly Robotic Palletizer Machine**

Product Description

Custom Automation Robotic Palletizer Machine Precision Assembly Solution

Product Specifications

| Attribute | Value |
|----------------|--|
| Name | Palletizing assembly line for lipstick |
| Power supply | AC380V 50/60Hz |
| Industry | Cosmetics |
| Control system | PLC programmer |
| Solution | Custom automation |
| Operation | Semi automatic |

Precision Assembly Solution

We specialize in precision assembly machines, robotics, and mechatronics designed specifically for the cosmetics industry. Our custom automation solutions are tailored to each client's unique requirements, ensuring optimal performance, quality, and productivity.

We are committed to providing customers with high-quality, competitive products and services. A project cooperation process usually includes the following key steps.

Key Features

Base: Mechanical table design for stability

Compatibility: Works with wide range of similar products

Result: Enhanced efficiency, quality, and productivity

Custom-designed to client specifications

Confidentiality guaranteed throughout process

Frequently Asked Questions

Q: Are you trading company or manufacturer?

A: We are a manufacturer with over 10 years of production and development experience.

Q: What are your major products?

A: We provide customized automatic machinery for production, including assembly lines, testing and packaging solutions for various industries including electric vehicle manufacturers.

Q: How long is your delivery time?

A: Standard production cycle is 3 months, with final delivery date determined by product complexity and current production schedule.

Q: How about your price?

A: We provide competitive pricing based on your specific requirements and components.

Q: What is your terms of payment?

A: 40% deposit and 60% balance payment before delivery.

Q: What is the package for your machine?

A: Standard wooden case packaging.

Q: How long is the warranty?

A: One year free warranty with lifetime maintenance guarantee.

Q: What partners do you work with?

A: We collaborate with customer-designated partners or can recommend technical partners as needed.
