

## Automatic Visual Inspection System For Dishwasher Key Parts Assembly And Testing

Our Product Introduction

### Basic Information

- Place of Origin: Shanghai
- Brand Name: Quanstar
- Certification: ISO
- Packaging Details: wooden box
- Payment Terms: L/C,T/T

### Product Specification

- Name: Home Appliance Equipment
- Condition: New
- Operational Mode: Fully Automatic
- Control System: PLC
- Voltage: 380V/220V
- Warranty: One Year
- Highlight:
  - Dishwasher Automatic Visual Inspection System
  - Dishwasher Key Parts Automatic Assembly Machine
  - Dishwasher Assembly Automatic Visual Inspection System

## Product Description

### Automatic Visual Inspection System For Dishwasher Key Parts Assembly And Testing

#### Product Specifications

Name	Home appliance equipment
Condition	New
Operational mode	Fully automatic
Control system	PLC
Voltage	380V/220V
Warranty	One year

#### Product Description

This automatic visual inspection system is designed for assembly and testing of key dishwasher components, ensuring precision and quality control in home appliance manufacturing.

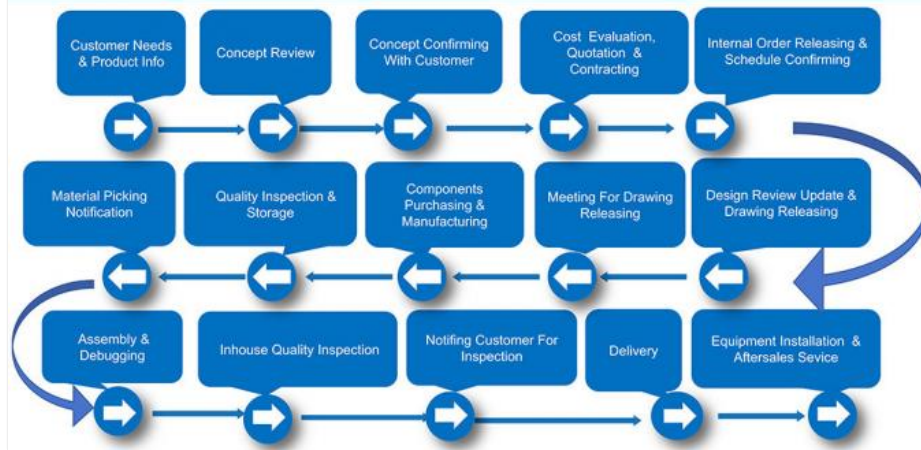

#### Related Equipment Examples

- Electronic expansion valve assembly and testing equipment
- Automatic assembly and testing equipment for four-way valve
- Coil automatic assembly testing equipment
- Iron filter assembly and testing equipment

#### Business Global Service

We are committed to providing customers with high-quality, competitive products and services. A project cooperation process usually includes the following key steps.

## Frequently Asked Questions

### Q: Are you trading company or manufacturer?

A: We are a manufacturer with over 10 years of production and development experience.

### Q: What are your major products?

A: We specialize in customized automatic machinery for production, providing assembly line, testing, and packaging solutions for industries including electric vehicle manufacturing (battery packs, thermal management systems, steering components, etc.).

### Q: How long is your delivery time?

A: Standard production cycle is 3 months. Final delivery schedule depends on product complexity and current production capacity. Contact us for specific timelines.

### Q: How about your price?

A: We provide customized solutions with competitive pricing based on your specific requirements and components.

### Q: What is your terms of payment?

A: 40% deposit with 60% balance due before shipment.

### Q: What is the package for your machine?

A: Standard wooden case packaging for secure transportation.

### Q: How long is the warranty?

A: One year free warranty with lifetime maintenance support.

### Q: What partners do you work with?

A: We collaborate with customer-designated partners or can recommend technical partners based on project requirements.
