

Auto Roof Line Automatic Assembly Machine With PLC Control system

Our Product Introduction

for more products please visit us on automation-assembly.com

Basic Information

- Place of Origin: Shanghai
- Brand Name: Quanstar
- Certification: ISO
- Packaging Details: wooden box
- Payment Terms: L/C,T/T

Product Specification

- Name: Auto Roof Assembly Line
- Application: Automotive Parts
- Industry: Automotive
- Operation Mode: Fully Automated
- Control System: PLC
- Place Of Origin: Shanghai
- Highlight: **Auto Roof Automatic Assembly Machine, PLC Automatic Assembly Machine, PLC Control Auto Assembly Machine**

Auto Roof Line Automatic Assembly Machine With PLC Control System

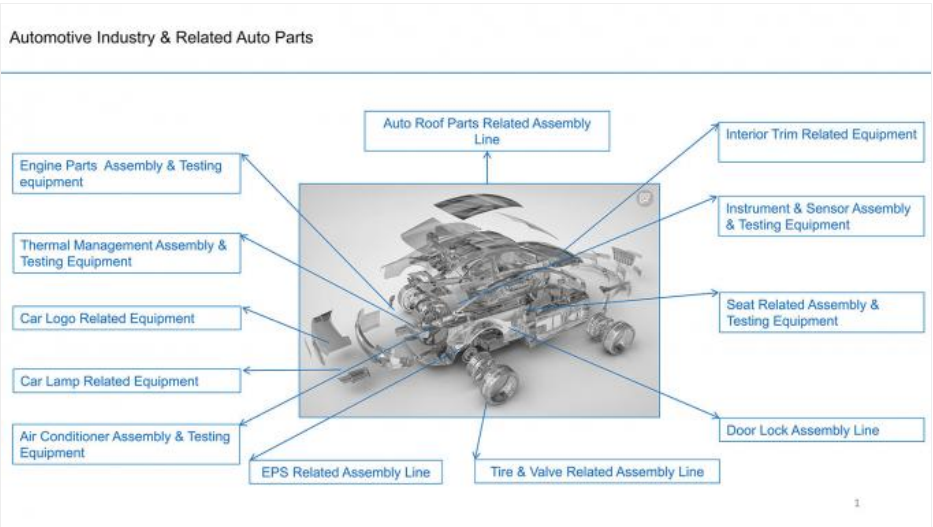

Product Specifications

Attribute	Value
Name	Auto roof assembly line
Application	Automotive parts
Industry	Automotive
Operation mode	Fully automated
Control system	PLC
Place of origin	Shanghai

Automated Roof Assembly Solution

Our comprehensive automation solution for auto roof assembly includes:

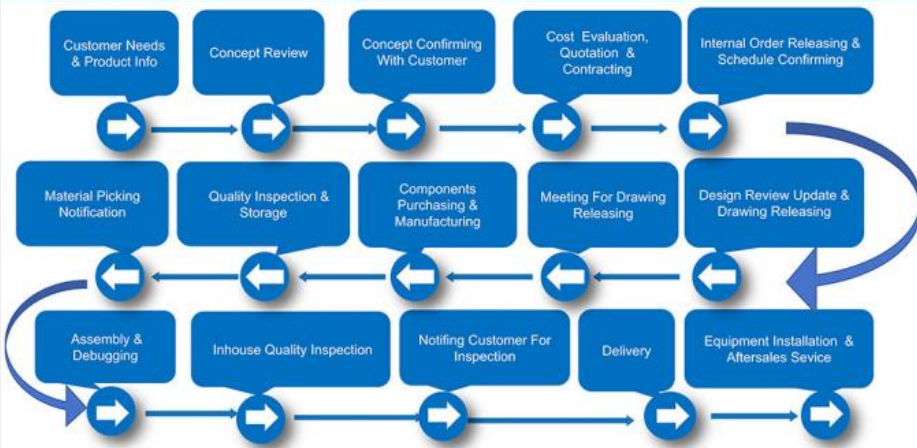

- Assembly process
- Greasing application
- Exercise testing
- Profile testing
- Glass height check
- Function verification
- Anti-clamp force testing
- Noise testing
- Full traceability

Development History

We are committed to providing customers with high-quality, competitive products and services. A project cooperation process usually includes the following key steps.

Frequently Asked Questions

Q: Are you trading company or manufacturer?

A: We are a manufacturer with over 10 years of production and development experience.

Q: What are your major products?

A: We specialize in customized automatic machinery for production, including assembly lines, testing systems, and packaging solutions for electric vehicle manufacturers. Our expertise covers component-level lines for battery packs, thermal management systems, and steering components.

Q: How long is your delivery time?

A: Standard production cycle is 3 months. Final delivery schedule depends on product complexity and current production capacity. Contact us for specific timeline details.

Q: How about your price?

A: We provide customized solutions with competitive pricing based on your specific requirements. Share your project details for a tailored quotation.

Q: What is your terms of payment?

A: Standard terms are 40% deposit with 60% balance payment before delivery.

Q: What is the package for your machine?

A: All equipment is securely packaged in standard wooden cases.

Q: How long is the warranty?

A: We offer one year free warranty with lifetime maintenance support.

Q: What partners do you work with?

A: We collaborate with both customer-designated partners and can recommend our trusted technical partners as needed.
